Welcome to the world of Fiddle & Frog!

We create toys, games, room décor and more for kids of all ages. We're based in Rochester, Minnesota, and have been lovingly creating our fun products since 2013. We take great care in making products that will be safe and long-lasting for the folks that will use them.

Now, we're excited to add birthday parties to our repertoire of offered events. Check out this flyer for more information, and call today to book your party!

Our Mission: We strive to create quality, educational, fun products that foster creative and hands-on play. We are committed to sharing the enjoyment and benefits of handmade through classes, events and community presence

Thanks for being a part of the Fiddle & Frog family!
